THE MONTHLY JOURNAL OF SCIENTOLOGY

## CLASS VIII AUDITOR PROGRAMME

### RECENTLY A SURVEY OF THE ENTIRE WORLDWIDE FIELD OF SCIENTOLOGY REVEALED

### OUT TECH.

Measures were at once undertaken by Ron to correct this condition and to correct every PC over the world.

The Programme of STANDARD TECH was at once developed by Ron and pushed into action by his Sea Org aides.

It is possible for a **highly** trained polished auditor to obtain soaring gains on 100% of all cases and correct every case by using exact invariable STANDARD TECH.

The results which have been gotten by auditors of all classes over the world are high—hundreds of times those ever obtainable in Man's history.

BUT by use of the **exact** technology without variables these gains can be multiplied and there are **no** failed or dragging cases. No slow cases.

STANDARD TECH is fast, fast, fast in obtaining gains and correcting. It makes even old time auditors gasp. The pace is terrific and the accuracy hairline in precision.

Therefore Ron called in one or more of the top auditors of each org over the world to make them into the first CLASS VIII auditor **instructors**.

These will go back to their orgs, the Saint Hills and Advanced Orgs and Academies and HGCs as CASE SUPERVISORS to guide all auditing and correction into lines of fantastic precision.

AT THE SAME TIME Ron is training up tough hard-bitten Sea Org officers into Supervisor Class VIIIs.

These Sea Org officers will begin and teach the Advanced Org Class VIII Course.

They will also act as world Tech Mission officers to look into the work of Class VIII.

None being trained will be awarded more **than** Provisional VIII until Sea Org Officers pass on the Case folders of the org at which time, only if they are perfect, the auditor becomes a full Class VIII Auditor.

During the period when students were allowed to attest instead of being examined, tech slipped.

Now this is being quickly repaired.

Current training is by examination, and auditing quality is already up in Academies and Saint Hills.

STANDARD TECH is almost an invention in itself.

Ron summated the entirety of Scientology only after 1966.

Recently he completed the work on OT Sections, although OT VII and OT VIII are not yet released, the Class VIII Auditor is being trained.

Only an organization as fast and pervasive as the Sea Org could have caught up and thrown into action this gigantic programme with such speed.

As soon as Ron could summate the entire subject from the viewpoint of VIII, it was time to make the Class VIII Auditor.

This has been done and even as you read this, Class VIIIs are supervising every case that goes through an org and AO's are training the top auditors of the world to this class.

From the viewpoint of even old timers in the Sea Org, these advances surpass any earlier single advance ever made. They are excited!

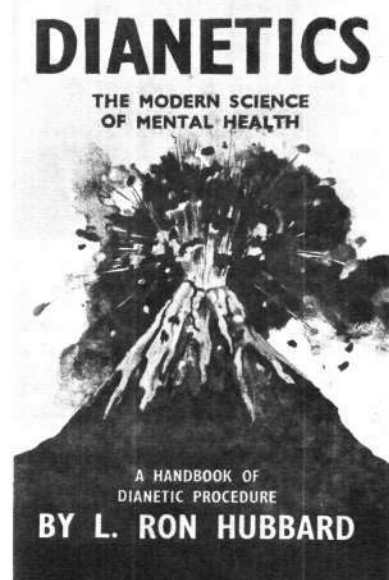

Done by Ron, using data from the highest OT sections, STANDARD TECH is breathtaking.

It takes a real expert to do and supervise it.

And these have been made.

All in a flash—while the draggy old world argued over its stupid problems—all in a flash and roar, STANDARD TECH exploded into being on every continent—fast, accurate and complete.

(Don't go on wondering whose planet it is.)

# SCIENTOLOGY TECHNOLOGY

By L RON HUBBARD

Where we have made the breakthrough in Scientology and where we have made progress, we have done so in accomplishing the goals which Man has had as long as he has been Man. What he has considered good and what he has considered desirable in the field of philosophy, we have accomplished technically. We have now arrived in Scientology at a point where Man should have been for the last five thousand years. We have the technology to handle all the factors of life.

There is one technology and that is Standard Technology. You are in a very fortunate position of not having to develop the technology of auditing. The test of a good auditor is when he has learned this. He uses the tools he's got and he uses them very well. The bad auditor doesn't know these things. He thinks that there are a thousand ways to audit and that he's got to dream up the thousand

and first one, right in the middle of the session. We are teaching the right way to audit. We are teaching Standard Technology.

Today we have all the technical materials. There's a tremendous amount of understanding involved here. There are millions of words written on the subject of auditing technology. If an auditor realizes how much he knows, at length, he's pretty staggered. There has never been this technology before. We are the only group on Earth that has a workable technology which handles the basic rules of life itself and brings order out of chaos.

Scientology auditors are dedicated and sincere in getting this job done. There has never been a more sincere group on the face of the Earth than those who are in the ranks of Scientology auditors. We wouldn't have started on auditing if we weren't good

people and wanted to help our fellow man. We are the first people to appear on Earth since its first solidification out of nebulous vapourings who can get the job done and who know what we are doing.

The very truth that we know, its simplicity and ease of grasp, the very honesty with which we approach our task, are probably the largest barriers we have to overcome. Man has been defrauded so often, persuaded so wrongly, and has returned to the same old rut so inevitably and in such a defeated frame of mind that he is not able to grasp easily the firm and friendly hand of the auditor which is being reached out to him.

It will take many more auditors to achieve our aims but we know what we are doing and we will do it. We have the technology. We have the answers.

# CLASS VIII SUPERVISORS TRAINED

Top auditors from each org all over the world are ordered to the Flag Ship. They stream up the gangway to start the course.

The students are eagerly looking over their Class VIII material just issued them by the Course Administrator.

Students receive hard hammer and pound lectures which will be part of the AO Class VIII.

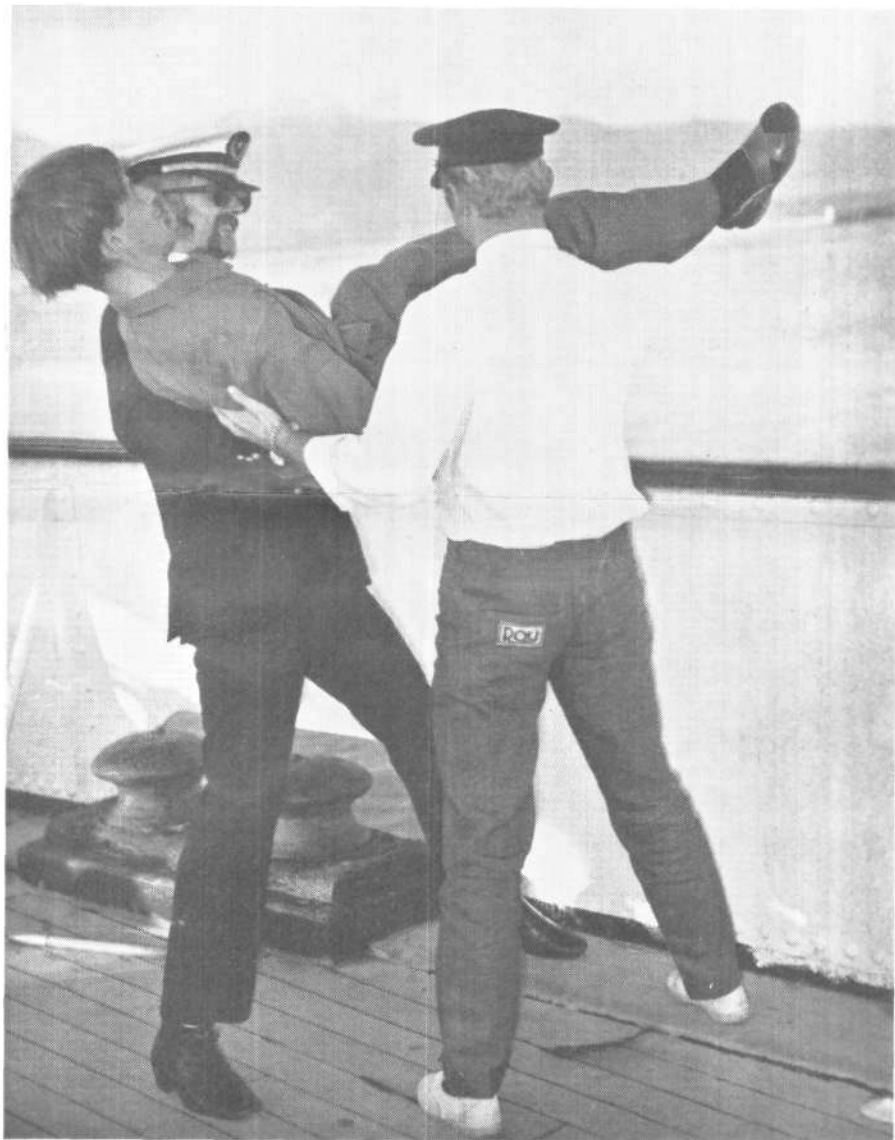

THE AUDITOR—THE MONTHLY JOURNAL OF SCIENTOLOGY

Signing aboard. The Quarter-master on watch logs the students in on the Flag Ship.

No one can fool a Sea Org Ethics Officer. He knows who's ethics bait. He looks over the student before him.

Students are thrown overboard for gross out tech and bequeathed to the deep!

There will be Tech Missions on the launching pad to downstat outer orgs.

Ron investigates tech folders, in the early hours of the morning with his usual industrious manner.

Provisional Class VIIIs leave for their orgs ready to triple the stats in 90 days.

The student is measured for his green student uniform which distinguishes him from the crew.

These are three of the many Sea Org Class VIIIs who will be inspecting tech around the world.

# FOCUS ON SUCCESS

"I have gained the knowledge necessary to audit on Level O. A real cognition is the awareness that I have a definite role in Scientology. And that role is important."

"I have also realized that Scientology is the only thing that is going to save our planet, and that it is working towards that end now."

DAVE MERRILL

Bradbury, California, U.S.A.

"I just completed auditing my pre-clear to release on Grade O and I had just as big a win as he did."

BARBARA GOMES

Los Angeles, California, U.S.A.

"Auditors are valuable beings. This point is one that becomes very real upon completion of training courses. I am now able to better the people around me and to apply the data I have learned for my own betterment. The courses are easy and designed to be wins for the student. The supervisors and staff are all right there plugging for you. I am a better, more able being now, and I look forward to future training."

SEAN B. CORY

Los Angeles, California, U.S.A.

"It has been a tremendous feeling to audit a pre-clear and find out what a tremendous being is really there. It is a real validation to have your pre-clear make gains and to ask for more auditing 'as soon as possible'. I have

learned tons, and through applying straight technology, and having it work, I have also gained much confidence. I am going on."

BARBARA HOGAN

Los Angeles, California, U.S.A.

"SUCCESS \ I just classified on Level II. The door is opening wider every day with each course completed. I feel fantastic."

HELEN CHILDS

"The reality on Level III has given me a greater desire to be of service to Scientology and my fellow man. I feel able to do the things I want to do."

GORDON PICKERING

New York, U.S.A.

"I had fantastic changes as an auditor. I feel that the Saint Hill Briefing Course is an absolute must for any Scientologist, and it's fun."

"The greatest part of doing the Saint Hill Special Briefing Course is the ability to audit a pre-clear up to Grade IV Release. Another win was the ability to make things go right, not only in auditing but everywhere in life."

"The Briefing Course is so necessary to improve conditions in all spheres of life."

JUDY PESCO, Clear 1161

"The Saint Hill Special Briefing Course is for Auditors. It offers the precise technology an auditor will need to free other beings."

"It offers information that cannot be obtained elsewhere in this universe—why people are the way they are and a technology for getting them out from where they are in!"

TANIA ERIKSEN, Clear 455

New York, U.S.A.

"I took the Saint Hill Special Briefing Course after becoming Clear and no-one knows better than I how vital the technology and the data on this course is to being Clear. It gives you a thorough understanding and appreciation of the mind and how it works, and most important of all, how to handle it."

"I feel that I have been given and have achieved a personal understanding that is priceless and that I will never again permit to be lost. The gains I have made from this experience will last and last forever."
